

M2K JSS Retractor Inspection

Inspection Instructions

1. Fold seat down (3PT seat). For GO-ES, seat it must be flipped into wall mounted position to engage belt mechanism.
2. Slowly retract webbing.

Pass Criteria

- If the retractor locks between 30-700mm of webbing.

Fail Criteria

- No webbing can be extracted
- More than 700mm (27.5in) of webbing can be extracted prior to lock.
- Use tape measure to confirm webbing length.

Note: Do not fully extract webbing, this will lock the mechanism and is not what it being inspected.

Regardless of pass/fail please fill out the form below and a customer service representative will be in contact with you if further action is necessary.
